Bingo is a game played with the help of bingo cards that consists of printed numbers placed inside a grid. The caller draws randomly selected numbers and the player has to match these numbers with the numbers printed on his bingo card. The first person who has the card with the drawn number in a specific pattern shouts "Bingo". The bingo call is an announcement to rest of the players that the game has a winner.

Online bingo playing tips

- ➔ Play bingo at bingo rooms with bingo cards that cost 25 cents or more as the prize money of these games is more.
- ➔ Overcrowded bingo games should be avoided as the probability to win is less.
- ➔ If you are a regular player join an online community as you receive valuable tips and advice from the fellow members.
- ➔ Always consider the deposit bonuses as they can help to increase your winning amount.
- ➔ Avoid the cards with the so called lucky numbers '7' & '11' as you will find these numbers only on 20% of the winning cards.
- ➔ Use bingo cards such as Autosort, Autowin and Automark bingo card, especially when you are playing with many cards. These cards allow you to handle the cards easily and you do not miss any called number.
- ➔ Lastly, play only at reliable sites and the sites with good reviews to ensure that you receive your prize money in case you win the game.

The probability to win the game depends on a number of factors such as number of players in the game, number of bingo cards you are playing with and the stage of the game etc. Study the bingo information available on Bingobase such as [bingo strategies](#), [bingo lingo](#) and [bingo calls](#) to get a grasp of the game.
